RDA

NOTE: The RDA test period is over and NCSU's RDA test documentation has been retired and archived as of July 25, 2017.

Staff in the Acquisitions & Discovery Department can access archived documentation at *G:\Acquisitions & Discovery\Archive\Confluence\RDA Test Documentation*. However, this documentation is no longer maintained or current and **should not** be used in cataloging work going forward. NCSU Libraries now catalogs according to current RDA rules, with no known exceptions.
