RDA

NOTE: The RDA test period is over and NCSU's RDA test documentation has been retired and archived as of July 25, 2017.

Staff in the Acquisitions & Discovery Department can access archived documentation at G:\(\text{Acquisitions}\) & \(\text{Discovery}\(\text{Archive}\)\(\text{Confluence}\(\text{RDA}\) Test Documentation. However, this documentation is no longer maintained or current and should not be used in cataloging work going forward. NCSU Libraries now catalogs according to current RDA rules, with no known exceptions.
