

Graphic Design Collection

Descriptive Specifications

- Include description for binding, paper and typology, using standardized language. It is helpful to look at other Graphic Design Collection records for help.
- Colophon statements are particularly useful for private presses, designers and typographers.
- Always note if there is an insect or entomological design on the cover.
- For help with description, dealer's descriptions should be included in the book, but other places to look are:
 - <http://abebooks.com>
 - Bibliographies for design, private presses and other material in the [Special Collections Cataloging Reference Sources](#)

Access Specifications

- Provide access points for all names and firms.
- Provide access points for the named genre/terms (binding, paper and typography) using the thesauri: [RBMS controlled vocabularies](#)
- Create a **710** for the Graphic Design Collection:
